

I am writing regarding the issue of LPFM stations possibly forcing Air 1 off the air. I am a listener and a private financial supporter of this radio station. I donate money to keep this station on the air because it is the only Christian station that I can get out here in Lake Elsinore and it's great to listen to because they have very uplifting positive songs, and it's commercial free. I think you would be doing a great disservice to the hundreds of thousands of people who listen to and sometimes depend on this station. I have heard people call in that were going to commit suicide, but a song that they heard on Air 1 and the exact right moment saved their lives. I believe that this radio station does more than entertain the masses, but it also provides spiritual uplifting and comfort that some people wouldn't be able to get otherwise. Please don't give LPFM stations priority over FM translator service. We need Air 1 on the air. Thank you.
